Responsibilities

The member of SLT team responsible for e-safety is Mr. Simon Iddon

The governor responsible for e-safety is

The e-safety co-ordinator is Mr. Simon Iddon

The e-Safety co-ordinator is responsible for leading in the school and reporting to the Governors(Premises, Health and Safety Committee), delivering staff development and training, recording incidents, reporting any developments and incidents and liaising with the local authority and external agencies to promote e-safety within the college community. He/she may also be required to deliver workshops for parents.

Internet use and Acceptable Use Policies (AUP's)

All members of the school community will sign an Acceptable Use Policy that is appropriate to their age and role. Examples of the AUPS used can be found in appendix 1.

A copy of the pupil AUP will be sent to parents with a covering letter/reply slip. This can be found in appendix 2

AUP's will be reviewed annually. All AUP's will be stored centrally in case of breaches of the e-safety policy.

Photographs and Video

The use of photographs and videos is popular in teaching and learning and should be encouraged. However, it is important that consent from parents is gained if videos or photos of pupils are going to be used.

If photos/videos are to be used online then names of pupils should not be linked to pupils.

Staff must be fully aware of the consent form responses from parents when considering use of images. This info is found on the student's enrolment card.

Photos taken by the school are subject to the Data Protection act.

Photos and videos taken by parents/carers.

Parents and carers are permitted to take photos/videos of their own children in school events. They are requested not to share photos/videos from school events on social networking sites if other pupils appear in the background.

The parental letter concerning AUP's includes a paragraph concerning posting photos on social networking sites (see appendix 2)

Photos for personal use such as those taken by parents/carers are not subject to the Data Protection Act.

Mobile phones and other devices

All mobile phones should be switched to silent whilst on the school premises. Pupil phones found to contravene this should be confiscated and sent straight to the school office in a sealed envelope that has the pupil name and class written on. Confiscated phones can be collected at the end of the school day.

There may be times when some of the features of mobile phones may be beneficial to the learning activities in a lesson (eg pupils may wish to capture photos/videos of an experiment). In such cases mobile devices can be used once permission has been granted by the teacher.

If a member of staff suspects that a mobile phone has been misused within the school then it should be confiscated but staff should not 'search' the phone. The incident should be passed directly to SLT who will deal the matter in line with normal school procedures.

Use of e-mails

Pupils and staff should only use e-mail addresses that have been issued by the school for school business. Pupils and staff are advised to maintain an alternative personal e-mail address for use at home in non-school related matters.

Security and passwords

Passwords should be changed regularly. The system will inform users when the password is to be changed. Pupils and staff should never share passwords and staff must never let pupils use a staff logon. Staff must always 'lock' the PC if they are going to leave it unattended (the picture mute or picture freeze option on a projector will allow an image to remain on the screen and also allow a PC to be 'locked').

All users should be aware that the ICT system is filtered and monitored.

Reporting

All breaches of the e-safety policy need to be recorded by the Network Manager and reported to Governors. The details of the user, date and incident should be reported.

Incidents which may lead to child protection issues need to be passed on to the Designated teacher immediately – it is their responsibility to decide on appropriate action not the class teachers.

Incidents which are not child protection issues but may require SLT intervention (eg cyberbullying) should be reported to SLT in the same day.

Allegations involving staff should be reported to the Headteacher. If the allegation is one of abuse then it should be handled according to the DFE document titled 'Dealing with allegations of abuse against teachers and other staff'. If necessary the local authority's LADO should be informed.

Evidence of incidents must be preserved and retained.

The curriculum will cover how pupils should report incidents (eg Ceop button, trusted adult, Childline)

Infringements and sanctions

Whenever a student or staff member infringes the e-Safety Policy, the final decision on the level of sanction will be at the discretion of the school management.

The following are provided as exemplification only:

(a) Students

Level 1 infringements

- Use of non-educational sites during lessons
- Unauthorised use of email
- Unauthorised use of mobile phone (or other new technologies) in lessons e.g. to send texts to friends

Other safeguarding actions:

1. Remove the PC to a secure place to ensure that there is no further access to the PC or laptop.
2. Instigate an audit of all ICT equipment by an outside agency, such as the school's ICT service providers - to ensure there is no risk of pupils accessing inappropriate materials in the school.
3. Identify the precise details of the material.

If a member of staff commits an exceptionally serious act of gross misconduct they should be instantly suspended. Normally though, there will be an investigation before disciplinary

action is taken for any alleged offence. As part of that the member of staff will be asked to explain their actions and these will be considered before any disciplinary action is taken.

Schools are likely to involve external support agencies as part of these investigations e.g. an ICT technical support service to investigate equipment and data evidence, the Local Authority Human Resources team.
