Year 7 Homework Schedule

All homework is set using Show My Homework. Students access this through their Office 365 school account and password. Parents also have parental accounts and passwords were issued to students upon entry to the school.

At Meole Brace, homework is set in two ways. Some subjects have opted for an extended task approach, where work is set termly. Students will be given at least two weeks to complete these tasks and should spend approximately 2-3 hours on the task.

Other subjects will set a more regular piece of work and students should spend between 30-45 mins on each task.

English, Maths, MFL and Science set a weekly homework.
History, Geography and D&T set a fortnightly homework.

If students study German in Y8 or Y9 a fortnightly homework will also be set.

Students should aim to complete regular tasks the day the homework is SET, not DUE as this will help to manage workload.

We have tried to schedule the setting of tasks on the day students have that particular subject, with the exception of Y7 English which is a Bedrock task that automatically appears on SMHW on Mondays.

We have also tried to limit the amount of tasks set each evening to one or two subjects.

Students will be given at least 48 hours to complete tasks before teachers will assess the work.

Exam dates are still to be confirmed, but during exam season no work will be set to allow students to focus on revision and exam preparation.
