

Visiting the School Site Form

At Meole Brace School, the safety of all our students and staff remains a top priority. As the coronavirus (COVID-19) outbreak continues, we are asking you to complete this form to help prevent the risk of exposure to and spread of the virus.

If you are unable to agree to the declaration below, we ask that you delay your visit until another time.

Following protective measures at our school

To ensure the safety of everyone at our school, we have implemented a series of strict infection control measures that must be adhered to at all times.

Whilst on the school site, we ask that you:

- Wash your hands when arriving at and leaving the school.
- If possible, carry and use a hand sanitiser.
- Promote good respiratory hygiene, via “catch it, bin it, kill it”
- In line with current government guidance, face coverings are not required to be worn on school premises.
- In the event of a school or local outbreak, the school adheres to advice from a director of health that may include bringing back face coverings temporarily in communal areas and classrooms for staff, students and visitors.
- Visitors who display symptoms of COVID19 are managed in line with local and national guidance and the Infection Control Policy and are sent home as soon as possible.
- Anyone who displays symptoms of COVID19, or who has tested positive in the last 10 days, does not enter the school grounds
- A record is kept of all visitors and contractors that come to the school site, to include contact details in the event of the need to track and trace

Please tick this box to confirm that you understand and agree to follow the measures outlined above.
