

# Meole Brace School

## Values and Beliefs Statement

We are a caring, inclusive community school, committed to allowing our students and staff the opportunity to develop and prosper.

The school is committed to being a safe environment, free from disruption, discrimination or intimidation, so that we can all learn, teach and be happy.

Specifically, our key foundations for a successful education at Meole Brace School are:

**ACHIEVEMENT** – We will endeavour to develop everyone's academic, personal and professional skills to the highest standards, thereby enabling people to lead fulfilling and successful lives. We want our students to enjoy learning, remain curious and be inspired to achieve their very best, and our staff to enjoy teaching and supporting learning. We will provide varied opportunities to showcase the success and talents of all.

**RESPECT** – We place a high value on kindness, politeness and going out of our way to help others. We will ensure that our behaviour towards each other is respectful at all times. We will treat others, and our environment, as we wish to be treated ourselves. We will use our values and beliefs to make informed choices, and will always try to understand the consequences of our actions.

**COMMUNITY** – We will always endeavour to show care, courtesy and consideration towards each other, valuing and celebrating the contributions, achievements and traditions of all. We will encourage everyone to be an active participant in lessons, in wider school life and the world-wide community. We place a high value on forming positive relationships and working cooperatively with others.
