

Play video on how to create flash/revisions

A lot of students will already know how to make these and will have been using them in class already, but this is a useful 2 min clip to help those students who are still unsure.

<https://www.youtube.com/watch?v=NqmeFwx-qfl>

Time to create a revision/flash card

What will I need?

- Pen
- Highlighters
- A6 card or paper (A4 cut in quarters) - Coloured card is best if possible

What will my flashcard include?

- Each big topic should be split into mini-topics.
- Each mini-topic should have 1 flashcard.

What will my flashcard look like?

- You should give your flashcard a title
- You should make bullet point notes on the key points from that topic
- Use of images to help memory is good
- Key words, should be highlighted
